# Super Value Priced!

Surveys say 85% of customers said that they disliked haggling over price. Most said they actually dread it! Premier RV has adopted a **One Price Solution** on selected in stock RVs. We predetermine our lowest possible selling price and post it on selected RV models. We call it Super Value pricing. This prevents hours of wasted time spent on getting to the "bottom line." It also enables our sales team to spend more time focusing on the needs of our guests. Our prices are based on inventory levels, market analysis, huge volume discounts, and fully prepped out RVs with full factory warranties, all at the lowest prices in the Midwest. Trade-ins would gladly be accepted on Super Value priced units at auction/wholesale values.

## WHAT DOES THIS MEAN FOR YOU?

**NO Haggling**

**NO Gimmicks**

**NO "back and forth" to management**

**NO high pressure**

**NO "today only"**

**NO "make me an offer"**

**No Hidden Fees-(never charge extra for battery, lp, prep, freight or finance**
